### **Section 600**

The Smith College Campus Police Department provides protection and services to all members of the college community, including its visitors and guests, 24 hours a day, seven days a week. The department's officers are trained law enforcement professionals. They have full police powers on college property (as granted under Massachusetts General Laws, Chapter 22C, Section 63) and are sworn Hampshire County deputy sheriffs. Each officer is trained to the standards set by the Massachusetts State Police.

The Campus Police Department is located at 126 West Street in the Facilities Management building, and is staffed 24 hours a day with professional dispatchers. The main purpose of Campus Police is to protect life and property. Officers patrol the campus around –the clock on foot, on specially equipped mountain bikes, or in cruisers. The Campus Police Department will also provide information to any members of the community on emergency services, crime prevention and reporting, sexual assault, and victim assistance.

The Campus Police Department emergency phone lines are staffed 24 hours a day, and officers will respond to any on-campus emergency request by any member of the college community, visitor, or guest. In addition, any situation that might require Northampton fire or ambulance services should be reported immediately to the Campus Police emergency number.

Non-Emergency Services: Dial Extension 2490

Campus Police Department officers will attempt to respond to non-emergency requests provided that they are not engaged in matters of a higher priority.

### **Campus Police Emergency Phones**

Emergency telephones are strategically placed in 78 locations on campus, including near the residential houses and parking lots as well as Lamont Bridge, Smith College Equestrian Center, Athletic Facilities parking lots, and all levels of the Parking Garage. Smith College is a residential college and as such requires continuation of services for students regardless of weather conditions. Those departments and offices which provide essential services must continue operations during adverse weather conditions; other departments will continue to provide services whenever possible. College departments are responsible for defining “essential services” and for developing plans and procedures to provide essential services during adverse weather conditions and other emergencies.

The Vice President for Finance and Administration and the Executive Director of Facilities Management are responsible for determining when adverse weather conditions warrant an early closing or delayed opening of the college. Individual department heads and supervisors are not authorized to make unilateral delayed opening or early closing decisions in the absence of a college-wide notice.

**Delayed Opening**

When heavy snow or freezing rain falls overnight, the college may decide to open administrative and academic offices later than usual. However, to minimize the disruption in departmental services, employees are encouraged to report prior to the delayed opening whenever it is possible to do so without significant risk.

**Early Closing**

When a decision to close early is made, the Office of Human Resources will notify each department of the time of the official closing and a Campus News e-mail announcement will be sent out. The INFO Line (413-585-INFO) will also carry a recorded message.

**Attendance and Pay Procedures**When College Operations Are Not Curtailed

On occasion, adverse weather conditions may cause you to be concerned about travel safety. In such cases, you need to make your own judgment about whether to stay home, arrive late, or, after consultation with your supervisor, leave early. If you expect to be late or are unable to report to work at all, you must notify your supervisor as soon as possible.

Staff members who stay home, arrive late, or leave early due to adverse weather conditions must use personal time, vacation time, or excused time without pay to cover their absence. Where schedules permit, the missed hours may be made up during the same work week.

When College Operations Are Curtailed

Occasionally the college may decide to open administrative and academic offices late, close early, or cancel nonessential services entirely due to adverse weather conditions. Under these circumstances, excused time with pay will be granted.

Any excused time with pay granted as a result of a delayed opening or early closing is available only to those staff members who report for work or who are still at work at the time the early closing is announced.

Staff who are not at work because of vacation, personal days, illness, or other scheduled absences when these situations occur must use the full day of vacation, personal time, etc., as planned.

### **Announcements of Curtailed Operations**

The Smith College information line will carry a recorded message if there are changes in office opening or closing times. **NOTE: The information line is the only official source of weather emergency information.**

**Smith College Information Line:** (413) 585-INFO (4636) (after 6 a.m.)

Staff Council ensures participation of staff in the policy-making process, promotes visibility of staff as valuable members of the Smith College community, and facilitates a sense of belonging within the community. The Council examines policies affecting the college community and makes recommendations to appropriate committees and administrators. The Council actively seeks to involve all segments of the college's diverse staff in the Council's decision-making process.

Staff Council is not a labor organization; it is not authorized to negotiate grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work.

All members of the administrative, administrative support, and service staff are eligible to run for Staff Council. Staff Council members are elected annually by vote of the staff and representation is distributed proportionally based on the numbers of administrative, administrative support, and service staff in the general staff population. In addition to the elected members, two nonvoting representatives are appointed by the President to act as resource persons and communication liaisons to the Council.
